C E R T I F I C A T E

We confirm that all our aerosol paints are produced, sold and exported in full compliance with the according requirements of the European Union.
This refers to the security requirements too.

The vapour pressure (20° C) = ca. 4,5 bar = 4.500 hPa
(50° C) = ca. 7,2 bar = 7.200 hPa
bursting pressure = 18,0 bar = 18.000 hPa

- the correct label text and health hazard signs are in compliance with the following Guidelines of the European Community

Aerosolguideline (EU) No.: 75/324 resp.2008/47 EC

EU 67/548 guideline for labelling and classification of substances

EU 1999/45 guideline for labelling and classification of preparations

- Labelling for Transport according the dangerous goods regulations ADR/RID, IMDG and IATA DGR

We confirm that we do not use any propellants which are classified as harmful to the enviroment, e.g. such as Chlorinated-Fluorohydrocarbons and Fluoro-Hydrocarbons. We only use Ozonsafe propellants.

All aerosol products are sold to the european - and other markets worldwide.

Sincerely,

Motip Dupli GmbH
D-74855 Hassmersheim/Germany
